Dear Karen,

When you make your flight plan for flying here next summer, the Frederick airport is within the city limits, on the Baltomore side of town, and less than a half hour from here. I can drive that far and I'll pick you up.

Seems like Mary hit you just right for last Xmas. Beware of the coming one. You may become a deep-sea diver yet!

Having a job of any kind is good fortune these days. But a good job in addition is a real blessing! So, you are lucky.

Not much new here. We are about as good as at our age we can expect to be. I've been productive enough to have two large books scheduled for publication next May and September. Commercial publisher, in book stores.

Our best to you and to your family and Marys,

Love

Gerald

As you can see, I'm rushing. Mail a bit heavy today
